MISSION STATEMENT

Fresno Volleyball Club is an Elite Junior Olympic Volleyball program committed to providing the highest quality volleyball training available to youth in the Central Valley. FVBC's mission is to provide superior training in the fundamental skills of volleyball while developing confident, self-disciplined, competitive, committed, student athletes. FVBC coordinators, board members and staff believe the Club experience should facilitate the building of character and promoting a sense of community throughout the Club.

Fresno Volleyball Club is very proud of our nationally competitive program. Joining the Fresno Volleyball Club, members become part of the finest program in the Central Valley. FVBC has made a strong commitment to excellence by providing a strong dedicated coaching staff, an active administration and an innovative and dedicated Board of Directors. Excellence in developing each team's potential and most importantly, excellence in opportunities for every athlete to develop into the best athlete she can be. The Club will not discriminate for any reason including ethnicity, socioeconomic status, belief system or the affiliation or non affiliation to any school or school district.

CLUB PHILOSOPHY

Skill development in a positive, supportive environment is a key ingredient to the philosophy of the Fresno Volleyball Club. Physical skill development coincides with the mental development of the athlete. Although one of our goals is to develop teams which will compete for national championships, we recognize that the most important lessons we teach extend beyond the gym. The value of hard work is at the heart of everything we teach. Below are some examples of the club philosophy:

- Volleyball should be a vehicle through which life lessons are taught.
- Fun is not the opposite of discipline and hard work.
- Everyone must put their own interests second to the team's.
- There is inherent value in hard work.
- Strive to be among the nation's best while exemplifying sportsmanship.
- Win and lose with equal grace.
- Every practice session and tournament is a learning opportunity.
- Be a role model for others.

TIME INVOLVEMENT

- The two seasons run for approximately 6 months, boys from late August through January for league, girls early January through June, with the Junior Olympics in July. Boys have additional tournaments that can run through their Junior Olympics in July.
- Practices will usually be twice a week, for approximately 2 to 3 hours. Prior to Regional/Inter-regional tournaments, practice schedules could be altered and additional practices may be required when adding the Junior Olympics.
- During the 6 months, each team will play in numerous regional and inter-regional tournaments.

PUBLIC CHARITY NON-PROFIT STATUS 509 (a) (2)
Fresno Volleyball Club is a 501 (c) (3) public charity non-profit organization, contributions are tax deductable.
